

## **PRODUCT INFORMATION**

### **Tauro Extra Power**

#### **Condom compatible / Safe for use with latex**

Tauro Extra Power is safe for use with condoms during vaginal or anal sex, helping you remain protected against all sexually transmitted diseases that can be contracted during unprotected sex.

**How To Use:** Apply 1 or 2 sprays of Tauro Extra Power onto the glans 30 minutes before sex and allow it to absorb. In the case of oral sex, it's best to rinse the penis 30 minutes after application to remove the bitter taste caused by the herbal ingredients. **Do not use on broken or inflamed skin.**

**Ingredients:** Aqua, Propylene Glycol, Chamomilla Recutita Flower Extract, Glycerin, Laureth-9, Phenoxyethanol, Panax Ginseng Root Extract, Methylparaben, Ginkgo Biloba Leaf Extract, Hedera Helix Leaf Extract, Eugenia Caryophyllus Bud Extract, Ethylparaben, Propylparaben, Butylparaben.

#### **How long does it take for Tauro Extra to take effect?**

After application onto the glans, Tauro Extra Power is absorbed and will take effect in approximately 30 minutes.

#### **How long does the effect of Tauro Extra Power last?**

Tauro Extra Power increases the duration of sexual intercourse from 60 to 120 minutes.

#### **After applying Tauro Extra Power, I feel a slight tingling sensation, is this normal?**

The tingling sensation you feel after applying Tauro Extra Power is a perfectly normal reaction to its herbal ingredients as they are absorbed by the glans. The sensation usually disappears around 30 minutes after application and does not cause any harm or side effects.

#### **What is the difference between Tauro Extra Power and other delay sprays?**

Unlike other delay sprays, Tauro Extra Power does not anaesthetise the penis, so sensitivity is fully maintained. This is because it's a natural product that is free from local anaesthetics, such as lidocaine or benzocaine. Tauro Extra Power enables you to experience sexual intercourse with maximum pleasure, without altering the best sensations during your intimate encounters.

#### **What is the recommended dose of Tauro Extra Power when you are looking to increase the duration of sexual intercourse?**

The recommended dose of Tauro Extra power is 1 or 2 sprays onto the glans. The 5 ml dispenser contains approximately 35 sprays.
