Lovehoney®
the sexual happiness people™

Discover a happier you

We are the sexual happiness people and we're proud to make a fun, fulfilling sex life available to everyone.

Enjoying a fresh, vibrant, playful sex life is a great way to discover greater personal happiness in both mind and body. It's more fun than going to the gym, less fattening than chocolate and more exciting than skydiving.

With Lovehoney you can play more, explore more, enjoy more... and discover a happier you.

double deluxe
anal douche kit

V2 - 1015

total confidence with your anal douche kit

A must-have accessory for fans of anal play, Lovehoney's Double Deluxe Anal Douche Kit ensures you can relax into your anal sessions with the complete confidence that you're clean and ready to go.

Fill a container with clean, tepid water and test the temperature with your hand to ensure it is just right for your more sensitive areas.

Squeeze the bulb firmly and immerse the tip in water, then relax the pressure to create a suction effect and draw up the water. Always use clean water in your douche.

Apply some water-based lubricant to the tip of the nozzle and your anus before insertion. Adjust the angle of your body accordingly for the tip of the douche to fit in comfortably.

Gently squeeze the bulb to expel the water – the harder you squeeze, the stronger the stream will be. We recommend starting slowly to accustom yourself to the sensation.

Withdraw the douche when you're ready and hold the water until you feel the urge to expel it. Repeat until the water runs clear to feel cleansed and confident.

Use your anal douche around 45 minutes before anal play for the best results. Allow your body to settle, and reapply lubricant before you begin your anal session.

To clean, simply remove the tip by firmly pulling it out of the bulb. Wash all attachments separately with warm water or sex toy cleaner and leave to dry naturally, with the tip pointing downwards.

Warning: To avoid injury or aggravation of pre-existing conditions, do not use on swollen or inflamed areas or skin lacerations. No medical claims are warranted or implied by use of this product.
