<Warning>

- Do not charge the item near water sources, or submerge the item while it is charging.
- Do not use in depths over 50cm, in strong water flow, or in water other than tap / bath water.
- Please wash the items with cold or tepid water. If there is any noticeable dirtiness on the item, please use a neutral, mild soap. Note that the charging port of the SVR/SVR+ is rust-proof and can withstand the above washing procedures.
- Do not wash the item under hot water, boil, or immerse in washing detergents for extended periods of time.
- Use only neutral or mild soap. Soaps high in acid or alkaline content may damage product material.
- Do NOT wash with acidic or alcoholic cleansers, as this may cause disfiguration and discolouration of the device.
- Please ensure the product is completely clean and dry before storing to help avoid mould and other build-up.
- Do NOT wash the USB Charger or USB Cables as these parts are not waterproof.
- Please refrain from using silicone-based lubricants, oils such as baby oil or other non-water based lubricants with the SVR Series items. These may cause disfiguration, discolouration or defects in the device.
- Please note the SVR series are for external use and are not medical items, so internal use is at the risk of the user.
