

Ingredients

Aqua, Glycerin, Propanediol, Xanthan Gum, Inulin, Benzoic Acid, Alpha-Glucan Oligosaccharide, Potassium Lactate, Lactic Acid

How To Use:

- Open and squeeze gently to apply. If using with condom then just smooth over when it's already on.

Safety Information:

- Use as directed.
- Fine to use with natural rubber latex, polyisoprene & polyurethane condoms.
- Suitable for vaginal, anal, and oral sex.
- This is not a contraceptive, doesn't contain spermicide and may slow sperm down.
- Store in a cool dry place away from direct sunlight.
- Use within six months of opening.
- Keep out of reach of children.
- Avoid contact with eyes, broken skin or wounds.
- If you experience irritation, stop use. Consult your doctor if irritation continues, you experience persistent vaginal dryness, are pregnant or breast-feeding.
