

DIRECTIONS FOR USE: Store the product at room temperature. Follow the warnings for candle use upon the product, keeping away from other flammable materials and observing any air movement which may cause the flame to come into contact with such. Light the candle approximately thirty minutes or more prior to use, allowing a generous pool of liquid to form in the container. The warm oils can be applied directly to the body or by pouring into your hand firstly and then onto the body, as per your preference.

PARFUM CONTAINS A UNIQUE BLEND OF SYNTHETIC HUMAN PHEROMONES.
