

VIBRATOR CARE INSTRUCTIONS

Take care when using the vibrator for the first time, vibration can be intense

1. Clean your vibrator after every use
2. Take care when cleaning your vibrator. Remember it is an electrical item, moisture can damage the product and also react with the batteries
3. Always remove the batteries before cleaning & after using your vibrator in order to keep it in optimum condition
4. Keep your vibrator clean & dry, store in a dry place, moisture can damage the batteries & the motor
5. Always store your vibrator separately, different materials have different chemical configurations & may react with each other
6. Always allow your vibrator to cool down before storing in a safe place, vibrators are electrical & motors get warm with use
7. Excessive usage of the vibrator will wear out the motor & may cause the motor to over heat. If you feel your vibrator is getting unduly hot, switch off and allow it to cool down, before continuing to use
8. Take care when using oils and lubricants so that they do not enter the battery compartment as they can react with the batteries
