## TULA® TOY MOUNT

---

# GET EXCITED!

## You are only moments away from sheer bliss.

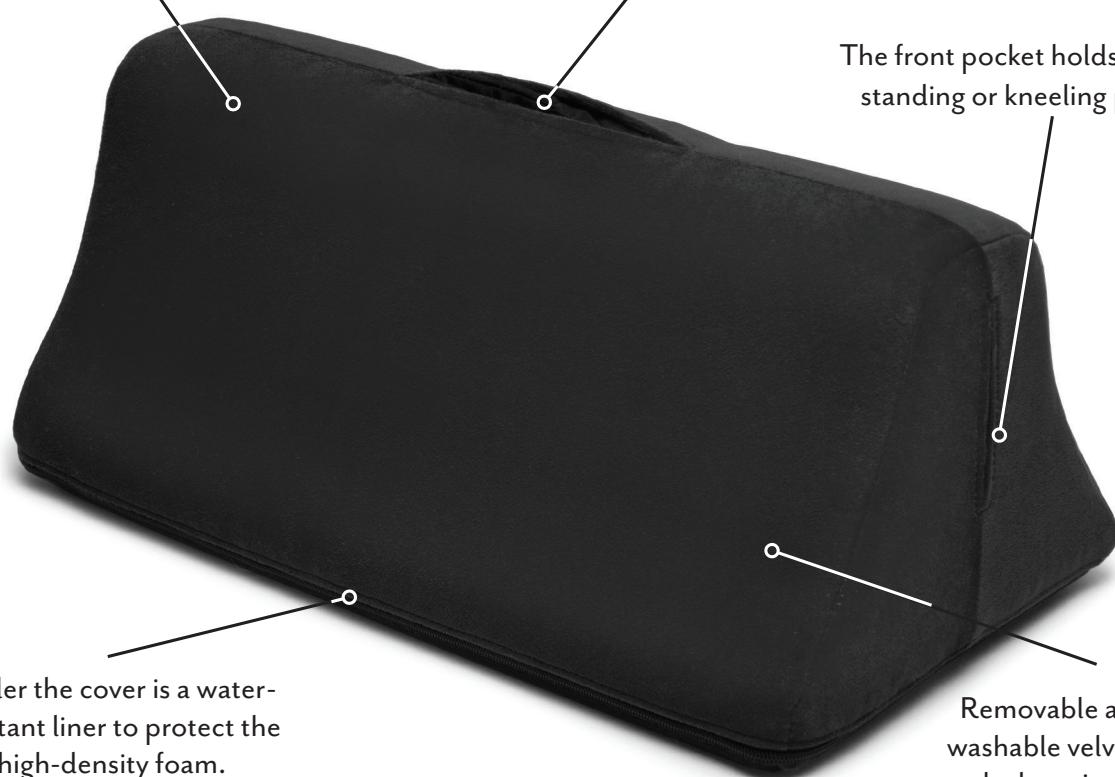

So satisfying and oh so stealthy, the Tula Toy Mount turns your favorite sex toys into the ultimate portable sex machine. Designed for straddling and putting yourself in comfortable positions while masturbating, the Tula features top pocket and side pockets that securely hold onto dildos, vibes, and large cordless massage wands for use with or without a partner.

Supportive yet comfortable foam provides a base for dildos, vibes, and wands with or without a partner.

The top pocket keeps toys securely in place for straddling.

The front pocket holds a wand for standing or kneeling positions.

Under the cover is a water-resistant liner to protect the high-density foam.

Removable and machine-washable velvish cover feels lush against bare skin.

**LIBERATOR®**

Our Liberator Shapes are placed in a vacuum compression bag, with 90% of the air removed just prior to shipping. By using this innovative technology, we have been able to significantly reduce our carbon footprint without compromising the integrity of the product. Within minutes after being removed, your Tula will expand to its original size.

### Includes:

- Contoured foam positioning Shape measures 19" L, 10" W, 8" H
- Machine-washable velvish cover
