MANUAL PISTON-ACTION PUMP

Elevate Your Performance & Reclaim Confidence!

Experience the power of rapid and reliable results while unleashing your maximum potential of stronger, more powerful, and longer-lasting erections with the **Max Boost Penis Pump!** It has been designed to encourage blood flow, which has been known to improve erectile strength and quality. Just imagine unlocking new levels of intimacy and the satisfaction of heightened pleasure for both you and your partner.

The in-line, manual piston-action pump design means that everything you need to start growing is built into the pump itself. No need to attach hoses or handles, no need to remember to recharge batteries, and no loud pump motors to ruin your discretion. Simply insert your penis, pull down on the pump head and release. **You will be swelling with power in no time!** The motorless design makes the **Max Boost** perfect for use in the bath or shower. For a heightened experience, try filling the tube with water before pumping.

The crystal clear tube allows you to see your cock get bigger and fatter. It is made from heavy-grade polycarbonate and features an easy-to-read ruler allowing you to measure your growth.

The soft, ultra-hygienic premium Elite Silicone™ sleeve is removable and feels great against the skin. When you're done, simply press the quick release button to instantly relieve the pressure.

Always clean with an antibacterial cleaner and warm water before and after every use.
