GAME CARDS
(and rules)

A couple with friends plays Mr. and Mrs. either separately at "last night out" parties, or the couple plays together at a wedding or anniversary party.

To prepare for the game, the groom answers all the questions on the "For Her" cards and the bride answers all the questions on the "For Him" cards. Then the decks are given to close friends for each. During the event, male friends quiz the groom with "For Him" cards and female friends quiz the bride with the "For Her" cards.

The winner is the player who guesses the most answers correctly. If playing separately at "last night out" parties, the groom or bride drink whenever they get an answer wrong, and assign a drink when correct.
