### Instructions for use

#### Product: Enhance - Rechargeable Vulva and Breast Pump - Forest Green

##### Overview

The Enhance - Rechargeable Vulva and Breast Pump is designed to provide customizable suction and comfort. Its rechargeable feature ensures convenience and ease of use.

##### Components

- Pump Unit: The main device that creates suction.
- Silicone Cups: Soft, flexible attachments for use on the vulva or breast.
- Charging Cable: For recharging the pump unit.

##### Before First Use

1. Charge the Device: Use the provided charging cable to fully charge the pump unit. Connect the cable to a power source and attach it to the charging port on the pump. The charging indicator will turn on. Once fully charged, the indicator will signal completion.
2. Clean the Silicone Cups: Wash the silicone cups with warm water and mild soap. Rinse thoroughly and dry completely before initial use.

##### How to Use

1. Assemble the Device: Attach the desired silicone cup to the pump unit. Ensure a secure fit to prevent air leakage.
2. Power On the Pump: Press the power button to turn on the device. The pump will begin operating at its default suction level.
3. Place the Cup: Gently position the silicone cup over the vulva or breast, ensuring it covers the area completely for effective suction.
4. Adjust Suction: Use the control buttons to increase or decrease the suction level according to your comfort. Begin with a low setting and gradually adjust as needed.
5. Session Duration: Use the pump for your desired amount of time, typically not exceeding 15-20 minutes per session.
6. End the Session: Once complete, press the power button to turn off the device.
7. Remove the Cup: Gently detach the silicone cup from the body.

##### After Use

1. Clean the Silicone Cups: Wash the silicone cups again with warm water and mild soap. Rinse thoroughly and let them dry completely.
2. Store Properly: Store the pump unit and silicone cups in a cool, dry place.

##### Charging the Device

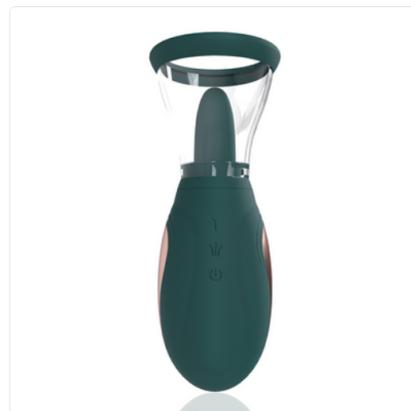

- Connect the charging cable to the pump unit and a power source.
- Charge until the indicator shows it is fully charged.
- Avoid overcharging to maintain battery life.

##### Safety and Maintenance

- Ensure the device is powered off before cleaning.
- Do not immerse the pump unit in water.
- Use only the provided charging cable for recharging.
- Discontinue use if you experience any discomfort or irritation.

##### Troubleshooting

- Device Not Turning On: Ensure it is fully charged.
- Weak Suction: Check the fit of the silicone cup and adjust as necessary.

#### Washing instructions

To ensure the longevity and hygiene of your Enhance - Rechargeable Vulva and Breast Pump, please follow these cleaning instructions:

##### 1. Before First Use:

- Wash all components that come into contact with the skin with warm, soapy water. Rinse thoroughly and allow to air dry.

##### 2. After Each Use:

- Disconnect the pump from the power source.  
- Remove any detachable parts, including the silicone inserts and valves.  
- Clean all detachable parts with warm, soapy water. Use a soft cloth or sponge to avoid scratching surfaces. Rinse well to remove any soap residue.  
- For a thorough clean, you may also use a mild, non-abrasive disinfectant wipe or solution suitable for silicone.

##### 3. Care for the Body of the Pump:

- Wipe the exterior of the pump with a damp cloth. Avoid submerging the unit in water or using harsh chemicals.  
- Ensure that no moisture enters the charging port.

##### 4. Storage:

- Once all components are completely dry, store your Enhance - Rechargeable Vulva and Breast Pump in a cool, dry place, away from direct sunlight.

##### 5. Additional Tips:

- Do not use brushes or abrasive materials on the silicone parts to prevent damage.  
- Regularly inspect the pump for any signs of wear or damage and discontinue use if any issues are found.

By following these instructions, you can maintain the hygiene and performance of your Enhance - Rechargeable Vulva and Breast Pump. Enjoy your experience!

#### Warnings

Before using the Enhance - Rechargeable Vulva and Breast Pump, please read and adhere to the following safety warnings to ensure proper use and avoid potential risks:

- 1. Consult a Healthcare Professional:** It is recommended to consult with a healthcare professional before using this product, especially if you are pregnant, nursing, or have any medical conditions.
- 2. Not for Use by Minors:** This product is intended for adult use only. Keep out of reach of children.
- 3. Skin Sensitivity:** If you experience any discomfort, irritation, or allergic reactions during use, discontinue immediately and consult a healthcare professional.
- 4. Hygiene:** Ensure the product is cleaned thoroughly before and after each use to prevent infections. Use only mild soap and warm water; do not submerge the device in water.
- 5. Battery Safety:** Only use the charger provided with the product to avoid potential fire hazards or battery damage. Do not attempt to modify the battery or charging mechanism.
- 6. Inspect Before Use:** Always inspect the product for any signs of damage or wear before use. Do not use if any parts are broken or missing.
- 7. Avoid Excessive Pressure:** Do not apply excessive pressure while using the pump, as this may cause injury to the skin or underlying tissues.
- 8. Do Not Share:** This product is for individual use only. Sharing may increase the risk of infection or other complications.
- 9. Medical Conditions:** If you have any medical conditions affecting your breasts or vulva, such as mastitis or other infections, consult a healthcare professional before use.
- 10. Stop Use if Uncomfortable:** If you feel any pain, discomfort, or unusual symptoms during use, stop immediately and seek medical advice.

By using the Enhance - Rechargeable Vulva and Breast Pump, you acknowledge that you have read and understood these warnings and agree to use the product responsibly and safely.

## Disposal instructions

Thank you for choosing the Enhance - Rechargeable Vulva and Breast Pump - Forest Green. When it comes time to dispose of your product, please follow these guidelines to ensure proper disposal and recycling:

1. **Battery Disposal:** This product contains a rechargeable battery. Before disposal, please ensure the battery is fully discharged. Do not dispose of the battery in regular household waste. Instead, take it to a designated battery recycling facility or a local electronic waste collection point.
2. **Product Disposal:** For the main unit of the pump, check for any local recycling programs that accept electronic devices. If recycling is not available, dispose of the product in accordance with your local waste management regulations.
3. **Materials:** The Enhance - Rechargeable Vulva and Breast Pump may contain various materials such as plastic and silicone. Separate these materials if possible and recycle them according to local guidelines.
4. **Clean Before Disposal:** Please clean the product thoroughly before disposal to ensure hygiene and to minimize any potential contamination during the recycling process.
5. **Check Local Regulations:** Always check with your local waste management authorities for specific disposal and recycling instructions in your area, as regulations may vary.

By following these instructions, you can help reduce waste and promote recycling efforts in your community. Thank you for your commitment to responsible disposal!
