

## Sei Mio Bondage Safety Instructions and Guidelines

- Ensure the safety of both you and your partner is a priority before beginning play.
- Establish clear communication during play and agree on a *safe word or gesture* to stop if necessary.
- Stop play immediately if a safe word or gesture is used.
- Familiarise yourself with the proper use of all bondage accessories and toys beforehand.
- Keep products out of reach of children as small parts may pose a choking hazard.
- Avoid using products on broken or irritated skin.
- Do not share products to prevent the risk of infections or illnesses.
- Read product packaging carefully to identify potential allergens (e.g., latex) and prevent allergic reactions.
- Discontinue use immediately if irritation, discomfort, or other adverse reactions occur.
- Always prioritise safe use of products to prevent injuries. Use them at your own risk.
- No liability will be assumed for injuries or accidents caused by improper handling or failure to follow safety guidelines.
- When using sensory deprivation accessories, such as a blindfold or gag, make sure they are secure on the wearer but not overly tight.
- It is important to regularly check on the wearer's circulation and comfort level.
- It is recommended to start with shorter sessions and gradually increase the duration as both partners become more comfortable and experienced.
- Always be attentive to any signs of distress and be prepared to remove deprivation accessories if necessary.

### **Instructions for use:**

Position the ball in the wearer's mouth and secure the straps in place around their head with the adjustable velcro fastenings. Decide on a '*safe signal*' before play begins to enable the wearer to communicate if they would like to pause or stop play.

### **Hygiene & Maintenance**

- Clean products thoroughly before first use and after each session.
  - *Metal: Wash with mild soap and water, then dry completely.*
  - *Silicone/Rubber: Use warm water and soap, air dry or pat dry.*
- Store items separately in a cool, dry area to avoid damage.

### **Disposal**

- Dispose of packaging and unused products responsibly by recycling wherever possible.

### **Disclaimer**

Products are used at the user's own risk. Proper handling and adherence to safety instructions are required to avoid injuries or accidents.

For additional product-specific instructions, refer to the packaging or user guide included with each item.
