LARGE

**MATERIAL
LATEX**

**WEIGHT
61G**

It is easier to put a tight latex garment on if the inside is first lightly dusted with talc and we advise wearing light cotton gloves to avoid possible marking and fingernail damage.

Oils, grease and solvents destroy rubber so do not use any oil-based lubricants or creams. Latex should be cleaned shortly after wearing as sweat and body oils slowly degrade latex, making it sticky and weakening the material. Avoid contact with metals, as they stain and degrade latex.

To achieve a high shine, this product must be used with a silicone release agent such as silicone shiner and conditioner.

Care Instructions: Latex garments should be washed in lukewarm water and a little bit of washing up liquid or mild soap. Use your hands to wash all the main areas of the garment and rinse well to ensure no soap residue is left. Carefully wipe off excess water with a soft towel and leave to dry flat. Lightly dust with talc before putting away. Store product separately and ensure it is not touching other toys to avoid material reactions.

DO NOT attempt to tumble dry and DO NOT iron or dry clean rubber garments.

Warning: To avoid injury or aggravation of pre-existing conditions this garment should not be used on swollen or inflamed areas or skin lacerations. No medical claims are warranted or implied by the use of this product.
