Sexy Dares on Every Block

- Sexy dares on every block
- Enjoy seductive in-game action
- Challenge each other with dares
- The steadiest hand (mostly) wins!

The Foreplay Game that Rewards a Delicate Touch!

Game Play: The aim of the game is to accumulate points by removing blocks from the Tower of Pleasure without bringing it crashing down. The player with the most points dictates how intercourse will go down!

Players take turns in removing the blocks. Each block colour features progressively more sexy actions or dares. Perform each task for approx. **10-15 seconds ONLY** to secure the points:

Green: 1 point Pink: 2 points Purple: 3 points

Play it safe and you'll have an easier game, but fortune can benefit the brave! When the tower topples, the person who has earned the most points dictates how/when/where sex will commence. To avoid the game ending prematurely due to 'sabotage', agree between you on a minimum number of game turns - remember, falling short means re-stacking the tower...
