

PRODUCT DETAILS

INTT ICE VIBRATION	
DIRECTIONS FOR USE	To use Vibration, apply 1 to 2 sprays to the desired intimate area, such as the clitoris, labia, vaginal canal or shaft of the penis. Spread the gel gently until it is completely absorbed into the skin. It is important to remember to test sensitivity before first use, as the product has intense potency and the number of sprays may vary from person to person. Adjust the quantity according to your personal preferences, ensuring a pleasant and comfortable experience.
PRECAUTION	In case of irritation or discomfort, discontinue use. Keep out of the reach of children. Avoid contact with eyes and, if it occurs, wash with plenty of water. Do not use on irritated skin. Keep in a cool, ventilated place. Do not reuse the packaging.
DATASHEET	Airless pump 17ml + cardboard box. Shelf life of 6 months after opening.
