- Memory function remembers the last setting used when product is turned back on.

## VIBRATOR CARE INSTRUCTIONS

Take care when using the vibrator for the first time, vibration can be intense

1. Clean your vibrator after every use.
2. Take care when cleaning your vibrator remember it is an electrical item, moisture can damage the product and also react with the batteries.
3. Keep your vibrator clean and dry, store in a dry place, moisture can damage batteries and motor.
4. Always store your vibrator separately, different materials have different chemical configurations and may react with each other.
5. Always allow your vibrator to cool down before storing in a safe place, vibrators are electrical and motors get warm with use.
6. Excessive usage of the vibrator will wear out the motor and may cause the motor to over heat. If you feel your vibrator is getting unduly hot, switch off and allow it to cool down, before continuing to use.

## RECHARGEABLE PRODUCTS INSTRUCTIONS

### ON CHARGING

- The product has a USB lead for charging, you can insert it into a computers USB port.
- The product may be partially charged on purchase but we recommend a full charging cycle before use. Charge the battery for at least 40 minutes before use.
- BE PATIENT - Do not switch on or use your vibrator during this first charging session, as this may affect the battery capacity.

### RECHARGEABLE BATTERY INFORMATION

This product contains a Lithium Rechargeable Battery Pack. If battery leakage occurs, stop using immediately and avoid contact with skin. If skin contact occurs, immediately wash the area thoroughly with warm soapy water. If liquid leakage comes into contact with eyes or body tissue, immediately flush thoroughly with water and see a doctor. Treat this product with care to avoid battery leakage, combustion and explosion. Do not expose the battery pack to excessive physical shock. Do not take apart or attempt to repair the vibrator or battery. Do not touch the terminals of the vibrator with any metal objects.
