Turn up the heat
Make sex even better with vibrations

Hold the wand's flexible vibrating head against your clitoris for double the pleasure as your partner penetrates you from behind.

Go bigger
Pleasure the clit and much more

Use the wide head to stimulate the whole vulva, adjusting the vibration speed as you go.

Give it up
Put the power in their hands

Guide your partner to control the pleasure as they glide the wide vibrating head over your vulva for your handsfree stimulation.

VIBRATOR CARE INSTRUCTIONS

Take care when using the vibrator for the first time, vibration can be intense

1. Clean your vibrator after every use.
2. Take care when cleaning your vibrator remember it is an electrical item, moisture can damage the product and also react with the batteries.
3. Keep your vibrator clean and dry, store in a dry place, moisture can damage batteries and motor.
4. Always store your vibrator separately, different materials have different chemical configurations and may react with each other.
5. Always allow your vibrator to cool down before storing in a safe place, vibrators are electrical and motors get warm with use.
6. Excessive usage of the vibrator will wear out the motor and may cause the motor to over heat. If you feel your vibrator is getting unduly hot, switch off and allow it to cool down, before continuing to use.

BATTERY CARE INSTRUCTIONS:

IF THE BATTERY COMPARTMENT CONTAINS A PROTECTIVE SHEATH PLEASE DO NOT REMOVE.

- Do not mix different types of battery brands, or mix new & used batteries, as this may affect the performance of your toy.
- Only use the recommended type of batteries, as stated on the package.
- Batteries must be inserted with the correct polarity (+/-).
- Only operate when fully assembled in accordance with instructions (See diagram).
- The supply terminals should not be short circuited i.e. do not bridge terminals with metallic material.
- Take care when cleaning your toy remembering it is an electrical item & moisture can damage your toy & also react with batteries.
- Do not use rechargeable batteries.
- Non-rechargeable batteries are not to be recharged
- To maintain battery life remove batteries after each use & before cleaning, this will help to keep your toy in optimum condition.
- Exhausted batteries should be removed from the product & recycled in accordance with manufacturers recommendations.
- Store your vibrator in a clean dry environment as moisture can damage the batteries & the motor.
- Take care when using oils & lubricants that they do not enter the battery compartment as they can react with batteries.

WHEN ALL ELSE FAILS, CHECK YOUR BATTERIES, THEY ARE USUALLY THE PROBLEM. RENEW YOUR BATTERIES TO RETURN YOUR VIBRATOR TO OPTIMUM PERFORMANCE.

WEEE:

This product is classified as Electrical and Electronic Equipment. Should the time come for you to dispose of this product, please ensure that you do so in accordance with the European Waste of Electrical and Electronic Equipment (WEEE) Directive and compliance with local laws relating to this directive.
