

LIBERATOR®

Aria Convertible Chaise

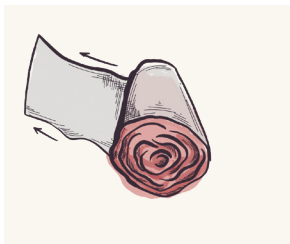

THE EARTH COMES FIRST

Reducing our environmental impact is a top priority. Liberator Shapes are vacuum compressed with 90% of the air removed without compromising product integrity. Within a few minutes of being released from its packaging, your Shape will expand back to its original size. Using this innovative technology, we've been able to reduce our carbon footprint significantly.

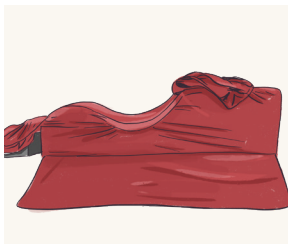

JUST ROLL WITH IT

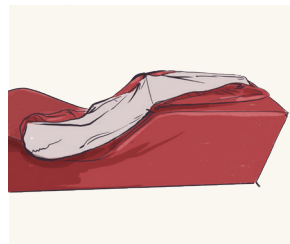

STEP 1:
DO NOT CUT OPEN.
Simply unroll the plastic wrap
to release your chaise.

Foam may take 48 hours to reach
maximum firmness, but you can
proceed to dress it in the cover.

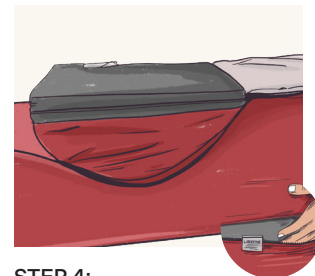

STEP 2:
Match the smaller, round
opening of the cover with the
hump on the chaise and pull
the cover over the top.

This might be easier with a partner!

STEP 3:
Unzip and open the headrest
compartment of the cover
fully.

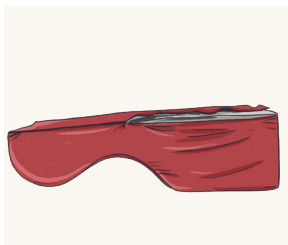

STEP 4:
Place the headrest inside the
cover and zip closed.

The covers are designed to fit tight!
Press down on the foam as you zip the
cover to avoid any snags.

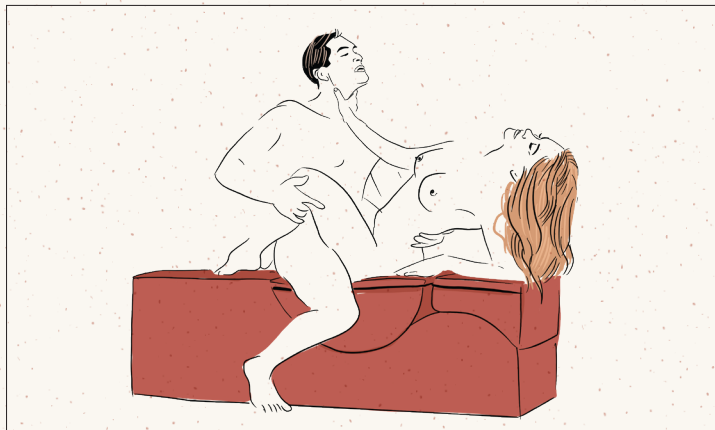

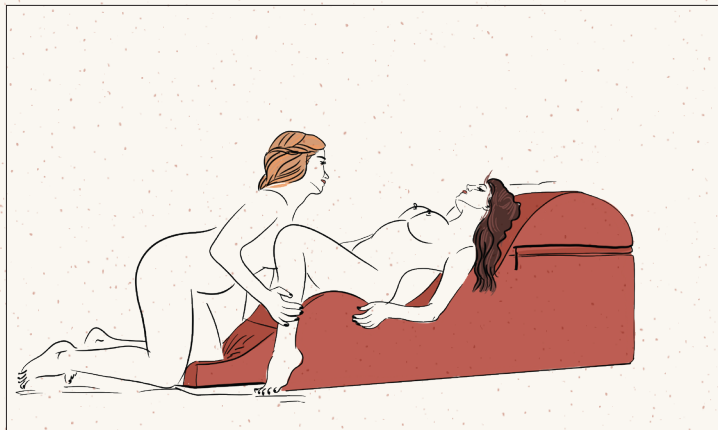

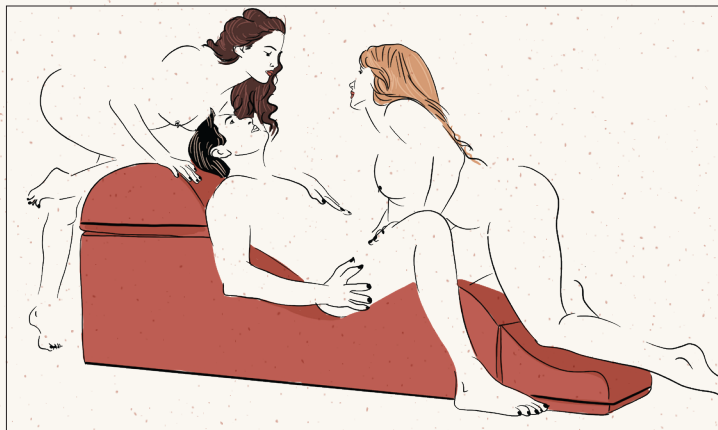

STEP 5:
Repeat previous step for the
footrest.

STEP 6:
Flip your chaise over and zip
the cover closed around the
base.

To convert the chaise into
a bench: Fold the head and
footrest into the chaise, then
apply the cover. Flip over and
zip closed.

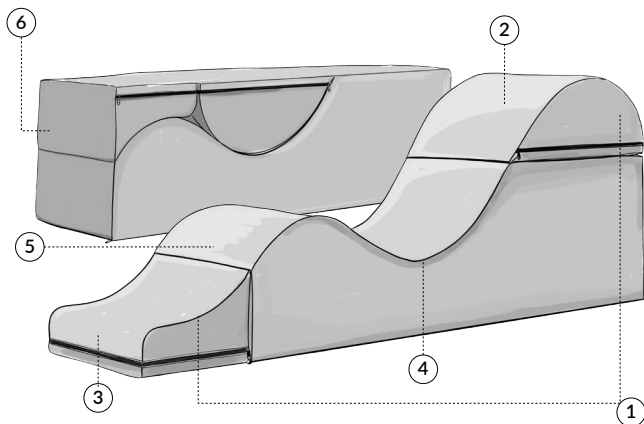

ARIA CONVERTIBLE CHAISE

Chaise: 72" L x 18" W x 28" H

Bench: 60" L x 18" W x 18" H

Unfold the Excitement

The Aria Convertible Chaise is your ticket to epic erotic adventures. With its sleek, discreet, fold-up design that transforms into a bench, the Aria lets you indulge in naughty fun without anyone knowing. Get ready for the ride of your life with the versatile Aria Convertible Chaise.

- 1 The innovative convertible design transforms your bedroom space and provides expansive position options.
- 2 The high curve cradles your head, neck, and shoulders when open and serves as a platform when closed.
- 3 The folding knee rest provides comfort for kneeling positions.
- 4 The deep center valley allows greater comfort and stability for straddling and reclining positions.
- 5 A non-slip base provides stability so it will not slide around or shift during rigorous activity.
- 6 A fitted slipcover completely encases the Aria to keep it discreetly tucked away as a standard end-of-bed bench.

Removable cover.
Wash in cold, dry on low heat.
